ROCKY

Last night the second game in the series for the Rutherford medals was played on the St. Albert rink between teams of Edmonton and Strathcona, and resulted in a victory for Edmonton by a score of 6-3. The attendance was not as large as at first team matches but the crowd that was there was none the less enthusiastic.

On the start Strathcona scored the first and second goals and for a time it looked as if the game was going to be theirs. But when the home team worked up they began to do the trick and brought up a tie at half time, 2-2.

In the second half they scored two more goals. Strathcona then got one and Edmonton another. Time closed 6-3 in favor of Edmonton.

A Kent, captain of Strathcona, first team referred the game satisfactorily. The teams played:

Edmonton Strathcona
Young 2nd Sharpe
May 1 point Smith
A. Johnston cover-point Dunn
McDonald cover D. Durrard
McDonald 3rd J. Blain
Johnston forwards W. Durrard
Jackson Colclough

Arnold Johnston, who played cover point, for Edmonton, was the favorite player with the crowd. Though a boy, he played a man's game, and is the making of a star player on the senior team before many more seasons pass.

THE C. P. R. WANT STATION GROUND

It is reported that the town authorities have been approached on behalf of the C. P. R. Co for station grounds and yard room in Edmonton in connection with their proposed line up the Saskatchewan Valley to this point. If this is correct, it is to be hoped that the company will be met in a liberal spirit by the town. Theoretically the company should pay for whatever land they want wherever they want it, and for whatever purpose. But there are other sides to the question. The fact that a railway company—and, especially, such a company as the C. P. R.—proposes to enter any established town, at once causes a sharp advance in the purchase price of real estate in the town. It seems scarcely fair that the railway company should have to pay for values which they actually create. But there is no way out of it except for the town which receives the general benefit of the advance in values to provide or assist in providing the railway company with the land they need. There can be no question that the entry of an easternly branch of the C. P. R. into Edmonton would be a great advantage to the place, and if besides mere entry a chief divisional point were established, so much the better. The more land the C. P. R. wants, and will guarantee to use, the better the town can afford to provide them with it, so long as they do not want what is unreasonable.

Apparently the Canadian Northern, the C. P. R. and the Grand Trunk Pacific all have their eyes on Edmonton as an important point on their respective systems. While they are in the humor is the time to deal with them. It would be a mistake for the town to get gay and think that the railways had to come here anyway. They don't have to. (They are willing to do as much as we can reasonably expect. It is for us to see now only that no impediment is placed in their way, but that all reasonable facilities be given each of them to carry out what appears to be their present intention. Now is the time when we make or break Edmonton.

Manitoba Markets

Commercial, Jan 31.

Wheat—Local situation—Manitoba wheat declined in sympathy with the drop in other markets, but not to anything like the same extent. The highest prices for hard were reached on Monday when 3 hard spot in store, F. W. William, sold at 75 1/2¢, and May delivery at 78 1/2¢. At the close of business yesterday prices were: No. 1 hard, 73 3/4¢; 1 No. 2, 73 1/2¢; 2 No., 79 1/2¢; 3 No., 81 1/2¢; 4 No., 83 1/2¢; and for May delivery, 1 hard, 78 1/2¢; 1 No. 1 to 2 No., 72 1/2¢; 3 No., 70 1/2¢; all in store, F. W. William, Port Arthur or Duluth. These prices only show a decline of 10¢ to 15¢ on wheat, and 2 1/2¢ on May delivery on the week. Of course with the decline and the condition of eastern markets trade is still bad, buyers very scarce, but at the same time sellers are by no means anxious, and are as scarce as buyers at the prices.

Oil—The market for oats is firmer and feed graded in car lots at 15¢ per bushel higher. This advance has been made in the face of the fact that there is a very large stock of oats in the country. The only explanation possible is that the large export demand for oats is keeping up the price. The winter market is on, exporting oats from western Canada, and Canada is getting the business. And

the country farmers are getting 16¢ to 18¢ per bushel.

at central point's. On the street here 25¢ is being offered to farmers. Harley-Brewer quote 3¢ for mowing in carlots on track. Feed barrels is worth 25¢ to 29¢.

WHITFORD

On Sunday, Jan. 25th, snow fell all day, accompanied with a sharp north east wind. The snow is deeper now than it has been for years in this place.

On Friday last the youngest son, Berrie, of Mr. Geo. Atkinson, died of inflammation of the brain. Some time ago he received a severe blow on the head by a fall from a horse and never entirely recovered. The funeral took place on Sunday following at 2 p.m. Although the day was very stormy, a number were present at the funeral. The bereaved family have the heartfelt sympathy of the community.

Some time ago the annual school meeting was held. The ordinary business was transacted and Mr. J. Hamblin again chosen a trustee for the coming three years.

School has been running regularly since Jan. 5th. Geo. Glover, teacher. The attendance is gradually increasing. The school has been greatly improved by a set of new patent seats, which also add greatly to the comfort and convenience of the pupils.

As winter set in very early this year it is reported that in some of the neighboring districts hay will be very scarce. There is as yet plenty in this district.

The stock are standing the winter well and will probably continue fat in the spring.

Great interest is taken in trapping muskrats. The price of the green hide is gradually rising and so they are in great demand.

Considerable business is being done at the stores. Freight is moving freely, while the snow lasts.

A number of the people are preparing to get out "hats and wraps" before the winter breaks up.

Mr. Peter Linklater left last week for Coal Lake some one hundred and fifty miles north of here. He expects to make the return trip in about ten days, returning with a load.

VERGROVE

Our beautiful weather came to an sudden close last Sunday when we had a storm which spoiled our good roads. It has been pretty cold since. Mr. Tilley is preparing to erect a residence on his railroad quarter at Vergrove.

The C. N. R. has missed this part by about four miles, to the great sorrow of all Vergroverite and vicinity. They claim they are going to build the town at the crossing of the river.

Joe Telfer has been ill for some time with appendicitis. He is under the care of Dr. Rude.

Dr. Rude's office has been made much more so by the arrival of his wife from Toronto, Ont. January 28.

A COMPLAINT:
Editor Bullock,
Will you please allow me space in your columns to call the attention of the proper authorities to the fact that a dangerous hole exists in the floor of the Fort Saskatchewan bridge on the Fort Saskatchewan road, and that the bridge has been in this condition for upwards of ten days. That the road is much travelled and that danger is considerable, undoubted, and that more horses have not been lame by stepping into the hole is surprising.
